## REJUVENATION AND LIPID REGENERATION FOR SENSITIVE, ATOPIC SKIN Shikimic Acid I Ferulic Acid

### REJUVENATION AND LIPID REGENERATION FOR SENSITIVE SKIN WITH FERULIC AND SHIKIMIC ACIDS

Dermal treatment with ferulic and shikimic acids designed for skin with hydrolipidic barrier dysfunction - a problem that is becoming more and more widespread; this innovative, rejuvenating programme for regenerating the lipid barrier, suitable for all-year-round application, was created especially for sensitive, reactive, very dry, mature, atopic, prone to allergies skin, also after invasive aesthetic and medical treatments.

It owes its spectacular effects to an innovative combination of delicately exfoliating shikimic and ferulic acids as well as soothing and calming ingredients, while rejuvenating and smoothing the skin. The FERULASHI program provides - apart from manual application - also an innovative application of ferulic and shikimic acid with the PDT photodynamic method with laser light or LED UV 420nm, which gives excellent therapeutic effects.

#### FERULASHI ACTIVE FORMULA

**SHIKIMIC ACID** from star anise, gently exfoliates without irritating and drying skin. Has moisturising, anti-inflammatory and antibacterial properties. Can be used all year round with adequate sun protection. The effect of 5% shikimic acid is comparable to that of a 50% glycolic acid, but without the risk of irritation.

**FERULIC ACID** is a strong antioxidant from cereal grains, eliminating free radicals, with photo-protective, depigmenting properties. Stimulates collagen and elastin synthesis, moisturises. Can be used all year round with adequate sun protection.

**STRESS-BLOCKERS** obtained from Rhodiola Rosea has anti-stress and relaxing properties, improving the sense of comfort and well-being. It stimulates the production of beta-endorphins and has antioxidant properties.

**CAPSULATED CURCUMIN** in a gradual release nanocarrier. It inhibits the reproduction of melanin by limiting the activity of tyrosine. This has a direct impact on the reduction of pigmentation changes. It has anti-inflammatory, antibacterial and antioxidant properties.

**RED ALGAE CARRAGEEN MOSS** growing along the Atlantic coast; contains carrageenan, provitamin A and mineral salts. This algae has cooling, moisturizing and soothing properties.

ACTIVE FORMULA ENRICHED:  
**EXTRACTS OF CHESTNUT, ARNICA MONTANA, HAMAMELIS, IVY, HYPERICUM, GRAPEVINE, EMBLICA**

#### Indications

- ♦ sensitive, reactive and dehydrated skin
- ♦ atopic and allergic skin
- ♦ skin with damaged lipid barrier
- ♦ skin with imbalanced epidermal keratinisation
- ♦ irritated and itching skin

#### Effects

- ♦ regulation of epidermal proliferation and irrigation processes
- ♦ hydration and strengthening of the protective barrier function
- ♦ antioxidation - neutralization of free radicals and reduction of damage
- ♦ rejuvenation - stimulation of collagen and elastin synthesis
- ♦ depigmentation - preventing and reducing discoloration
- ♦ anti-inflammatory and photoprotective effect

PDT  
PHOTODYNAMIC  
TREATMENT  
LASER LLLT/LED

#### INSTRUMENTAL METHOD

- ♦ PDT LASER LLLT/LED UV 420 nm
- ♦ sonophoresis

#### TREATMENT FREQUENCY

- ♦ 4 - 6 treatment sessions in a series, once a week
- ♦ or as an individual treatment
- ♦ for reactive skin with signs of AD (atopic dermatitis) and allergy: apply every 7-14 days  
6-8 treatments in a series

#### TREATMENT TIME

- ♦ 60 minutes

# FERULASHI

## TREATMENT SCHEME step by step

1. After removing eye makeup using  
**SPECIAL AESTHETICS  
Luxury Eye Make-up Remover**

remove face make-up using  
**Ultra Sensitive Cleansing Milk**;  
wash off milk residue with water and tone  
the skin using  
**Ultra Sensitive Toner**

2. **PDT Ferulic & Shikimic Acid KIT**  
The kit includes a two-layer photodynamic peeling.  
Do not apply around the eyes and on mucous  
membranes. Cover the eyes with protective  
cosmetic pads moistened with  
**Ultra Sensitive Toner**.

\* **LAYER 1 - Ferulic & Shikimic Acid 2% pH 3.5** -  
apply MANUALLY 2-2.5 ml of the product for 1.5-2  
minutes, let the skin absorb it; do NOT wash off  
the product.

\* **LAYER 2 - Ferulic & Shikimic & PHA  
Acid 20% pH 3.0** - apply 2-2.5 ml of the product  
for maximum 5 minutes MANUALLY or using blue  
UV 420 nm light, preferably with  
PHOTO-DYNAMIQ® laser, programme P12 or laser  
PDT MASTER® programme 02 or 06.  
Cleanse the skin with a cosmetic tissue  
moistened with water; dry the skin.

**NOTE:** the patient may have a feeling of heat  
during the application.

\* **NEUTRALISATION and SOOTHING - Soothing  
Neutral Serum** -apply the serum and leave it for  
5 minutes until it gets absorbed; dry the skin,  
do not wash the product off.

**IMPORTANT:** observe skin reaction. If necessary,  
stop the exfoliation procedure: remove the acid  
with water, tone the skin with **Ultra Sensitive  
Toner** and apply the calming  
and neutralising **Soothing Neutral Serum**.

3. Protect the eyes when applying **Alginate  
Plastic Mask**. When the gel has dried, remove  
the mask.

4. Apply face cream avoiding the eye area:

• **Licorice A Moisturising Day Cream  
SPF 20 UVA/UVB Smoothing Freshness**

or

• **Cover Cream SPF50 UVA/UVB Silver  
Anti-Bacterial Photoprotect**

or other final CHANTARELLE cream proper  
for specific skin problem.

5. Proper home care tips.

## TREATMENT FORMULATIONS

**SPECIAL AESTHETICS Luxury Eye Make-Up Remover**;  
CP0622 200ml

### SPECIAL AESTHETICS

#### Ultra Sensitive Cleansing Milk

for all skin types; Hydrates, soothes irritation, refreshes the skin.  
Leaves the skin thoroughly cleansed, soft and hydrated, and better  
protected against free- radicals; CP0122 500ml, CD0122 200ml

### SPECIAL AESTHETICS

#### Ultra Sensitive Toner with Hamamelis & Aloe Vera Extracts

For cavitation and cleansing of all skin types, including sensitive  
or dry skin with broken capillaries. Soothes irritation and redness.  
Improves blood supply to the skin, moisturises, softens  
and smoothes the skin; CP0222 500ml, CD0222 200ml

### PDT Ferulic & Shikimic Acid Kit

DE-AGEING KIT WITH FERULIC AND SHIKIMIC ACIDS; CP0527  
Regulates the disturbed process of epidermal proliferation,  
improves skin hydration, strengthens the protective barrier  
functions. Has antioxidant and photoprotective properties,  
rejuvenates and smoothes wrinkles, brightens skin  
discolouration.

\*1\* Shikimic and ferulic acids 2% pH 3.5; 1x30ml

\*2\* Shikimic acid, ferulic acid and PHA 20% pH 3.0; 1x30ml

\*3\* Soothing Neutral Serum; 1x50ml

### SPECIAL AESTHETICS

#### Alginate Plastic Mask Basic

skin tightening plastic mask from powdered algae;  
CP1017 350g

### SPECIAL AESTHETICS

#### Licorice A Moisturising Day Cream SPF 20 UVA/UVB Smoothing Freshness

Moisturising cream with licorice, vitamin A and SPF20  
UVA/UVB filters for the daily beauty routine of all skin types.  
Also for sensitive and capillary skin in need  
of moisturisation and reconditioning. Regulates epidermal  
cornification processes, rebuilds the lipid barrier.  
CP1399 100ml, CD1399 50ml

### SPECIAL AESTHETICS

#### Cover Cream SPF50 UVA/UVB Silver Anti-Bacterial Photoprotect

Anti-bacterial cover cream with silver and very high  
SPF50 UVA/UVB protection. Contains a moisturising  
emollient derived from lactic acid, regenerating  
Shea butter, repairing vitamin A, soothing allantoin  
and anti-bacterial silver;  
CP1353 100ml, CD1353 50ml

## ACTIVE INGREDIENTS

extracts of saponaria, calendula, horsetail,  
witch hazel extract (hamamelis), sage, green tea,  
macadamia oil, vitamin E, allantoin

extracts of thistle burdock, sage, rock samphire, flax,  
aloe juice

witch hazel extract (hamamelis), aloe juice

Shikimic Acid, Ferulic Acid

Shikimic Acid, Ferulic Acid,  
gluconolactone PHA

Stress-Blockers - stimulates the production of beta-endorphins,  
encapsulated curcumin, extracts of the red algae carrageen  
moss, horse chestnut, arnica montana, hamamelis, ivy, hypericum,  
grapevine, emblica

alginate

Allantoin VC - a complex of vitamin C with allantoin,  
extracts of licorice, hamamelis, horsetail, quinoa, horse chestnut,  
vitamins A, E, H, B<sub>5</sub>, B<sub>8</sub>, corn oil, Moschata rose oil, avocado oil,  
Shea butter, beeswax, UVA/UVB filters

extracts of horse chestnut, vitamins A, E, H, B<sub>5</sub>, B<sub>8</sub>, corn oil,  
Moschata rose oil, Shea butter, silver, allantoin, UVA/UVB filters
